ABOUT THE INSTITUTION

Tirumala Engineering College a vibrant venture of Venkataramana Charitable Trust set up in 2008 by Tirumala Milk Products Pvt. Ltd., an entrepreneurial marvel. The Tirumala Milk Products Pvt.Ltd.is stewarded by five humble sons of the soil, moderately educated but fired by a spirit of enterprise. The dairy management had always been conscious that the tremendous breakthrough they had achieved was made possible by the co-operation of the humble dairy farmers who formed the backbone oftheir industry. This sense of gratitude is what inspired them to set an Engineering College in the vicinity of their origins with a view to promoting technical education for faster growth among their rural brethren.

Though a late entrant, the Institution has emerged into a front-runner in the field of technical education. The institute has become a preferred destination for merit students and career-conscious faculty. In a short span of 5 years, the institute has discovered it self into an engineering institute par-excellence.

The Management is very glad to share that their dream, which was framed at the inception, of converting the normal rural youth into an employee, has fulfilled as each student is focusing towards progressive career and getting impressive placements in renowned MNC'S with the highest packages.

The college offers U.G program (four year B.Tech) of JNTU-K with seven streams viz. ECE, CSE, EEE, MECHANICAL, CIVIL, IT and CSE (AIML).

News Letter: We release the news letter once in an academic year on the college updates. And also there will be a yearly magazine from the Institute regarding the progress of the institution. We believe in Tech Festival (TEC Prayaga) which gives the participants the right platform to enhance their technical skills and innovations. The college also has a custom of celebrating the Annual Day with high enthusiasm every year.

Happiness is your nature, It is not wrong to desire it. What is wrong is seeking it outside when it is inside.

CHAPTER XVIII: LIBRARY MAINTENANCE

1. Introduction

TEC Library was established in 2008. It has built a large collection of documents, comprising of books, periodicals, journals CD's etc. It also has a rich collection of resources in the form of printed notes. It caters to the needs of large groups of users, including more than 2000 students, 200 faculty, and equally large number of supporting staff. It has computerized its house-keeping activities using software that is being maintained and updated regularly. It uses state-of-the-art technology in its functioning and services. Not only having a very good reference section, library has been subscribed access, DELNET, IEEE, J-GATE, N-DIGITAL& NPTEL Videos.

Document is a generic name, hereinafter, shall refer to any book, reference book, CD,

Video cassette, magnetic tape, periodical, journal or a paper Introduction.

2. Library Working Hours:

Accession Hours : 8.00 am to 8.00 pm (all working days)

: 9.00 am to 1.00 pm (on all Sundays)

	Book Issue Hours	**Book Return Hours**
Documents other than Reference Books	9.00 AM to 4.30 PM	9.00 AM to 4.30 PM
Reference Books (overnight issue)	4.00 PM to 5.00 PM	9.0 AM

3. Eligibility: The following persons are eligible for making use of the Library.

a) Members of the Staff of TEC

b) Students of TEC

c) Other persons admitted with the special permission of the Principal/ Chairman, Library Committee.

4.Book Issuing Norms:

Undergraduate Students	4 Books for 15 Days
Staff (Teaching)	8 Books for semester

5.Loan of Documents: Period of issue of documents is as follows:

(a) Books for 15days

(b) Reference books, Periodicals including back volumes, video cassettes, software, magnetic tapes, etc (overnight only)

(c)Secretdocuments and Mirage Documents (circulation restricted)

NOTE: A document issued on loan can be recalled at any time in case of urgency.

6. Loss of Document

In case of loss of any document, double the cost of the document borrowed from theLibrary will be recovered or replacement of document with new document.

7. Inter Library Loan (ILL): (presently not implemented) Documents not available at TEC can be obtained from other libraries on ILL and vice-versa. The ILL system is under consideration for implementation.

8.Acquisition of Documents:

Documents can be acquired into Central Library through:

(a) Readers can suggest additional documents required for the library through the suggestion book kept at the Library.

(b) An annual book exhibition is held in Library to enable readers to suggest the documents required by them.

(c) Library Committee

9.Book Issue/ Return Procedure

For issue of book, the users are given an issue slip consisting of details which contains Book Account No, Title, Author, Issue date and signature with name of the user. After filling the issue slip, the user has to hand over the slip to the library staff that in turn, will check the entries and verify with book to be issued. The staff will then put the due date stamp on the due date slip of the book and the same date is stamped on the issue slipgiven by the user. The issue slip is then kept in increasing order of registration number in their respective department branch-wise. On returning the book, the issue slip is located and returned to the user. The colour of the issue slip is periodically changed between staffand students if necessary. The issue and return can be done by using barcode sensors also.

10. Xeroxing

Xeroxing facilities are avai1able at the Library, from 9:00 A.M to 4: 30 P.M (on all workingdays) on nominal payment basis.

11.Text Book Lending Services :

A unique system of lending one book for one subject to students as per the prescribed syllabus of JNTU for each subject for that academic session (year- wise in case of 1st year and semester- wise from 2nd year onwards) can be lent to each and every student. These books have to be returned after completing the year/semester. Like- wise next semester/year books are issued

12. Library Committee

The library Committee is appointed by the Principal for efficient administration of thelibrary. The committee comprises of Principal as Chairman, librarian as convenor and asenior faculty nominated by the Principal and members nominated from allDepartments. Other members of the Committee include students from various branches. The Committee's functions are:

(a) To review and advise the library administration on policies related to collection development, collection evaluation, and bibliographic activities, especially in the Humanities, Social Sciences, and general reference.

(b) To advise the library administration on other major policy issues concerning staffing levels, automation, and user regulations. Significant gift collections, special fund-raising efforts, appointments are some of the items on which the committee should be consulted.

(c) To respond to the concerns of faculty, staff and students who use library, the committee will recommend acquisition of books, periodicals, reports, journals, CD ROMs, audio lessons etc. for the library as necessary in respect of both academic and other publications.

(d) The committee will periodically review the functioning of library and make recommendations for improvements, if necessary.

(e) The committee should meet at least once or twice in a semester and more often, if necessary.

(f) The committee shall arrange for display of the information about new acquisition on the notice boards as also through LAN on monthly basis or earlier, if required.

13. Computerization:

The Library was computerized using software developed in house for operations such as transaction, searching, reporting, etc. The software, presently being used, is developedin visual basic, with access database satisfying all the library functions.

When you talk, you are only repeating what you already know; but when you listen, you may learn something new.

14. Classification of Books:

The books are classified according to DDC22 edition, namely Dewey Decimal Classification System. The basic arrangement is by discipline and a specific subject can occur in any number of disciplines. The universe of subject is divided into ten main classes. Each main class is again divided into ten divisions. Each division gets divided into ten sections. At each stage of divisions, a given number is subdivided decimally. TEC Library is also currently implementing the DDC21 edition and under the process of classification. This type of classification, namely Dewey decimal classification, is presently accepted in most of the libraries in the world.

15. Library Records

Library should maintain the following records:

(a) **Accession Register**: All the documents other than periodicals are entered along with their accession numbers. This register essentially contains the stock.

(b) **Periodical Register:** List of periodicals is maintained.

(c) **Issue Registers:** Students and staff Issue Registers are maintained separately with the user entering the books issued against their names at the time of issue on a daily basis.

(d) **Visitor Register:** Any person entering the library has to enter his/ her details along with time of entry and signature on the visitor register kept at the entrance of the library in order to identify the number of users of library for statistics purpose.

(e) **Suggestions and Requisitions Register:** A separate register for suggestions and requisitions are kept in the library for users and visitors to express their ideas for improvement of documents in the library.

(f) **Biometric Attendance:** Before entering the library both the students and staff are supposed to give their thumb impression without fail. The records of attendance will be maintained on regular basis.

16. Stock Verification:

In order to check the status of the stock and identify any losses and damages, a stock verification is done every year in the summer holidays with the use of computers to avoid any mismatch. The report should be submitted to the Secretary through the Principal.

Everyone thinks of changing the world but no one thinks of changing himself.

17. GENERAL LIBRARY RULES:

(a) Before entering the library, readers are requested to deposit their belongingsin the rack that is placed near the entrance of the library.

(b) The library has open access to documents and closed access to a fewreference documents.

(c) Newly arrived books, periodicals etc., are displayed in the library for aperiod of one week.

CHAPTER XX: ENTREPRENEURSHIP DEVELOPMENT CELL

Entrepreneurship is the backbone for the growth of any economy. It is no more a topic of interest confined to management & economics students. We are aware of students from premier institutions into entrepreneurs. Now, it is the time for GRE tians also to follow suit.

Aims :*The EDC is set up with the following aims:*

(a) To develop entrepreneurial awareness & ability in students.

(b) To create a forum for potential entrepreneurs in the campus.

(c) To develop an interface between Academy and Industry.

The first duty is to educate the people

Composition of EDC

EDC shall have a Principal, coordinator and members from each department.

Plan of Action:

EDC is proposed to have the following action plan:

(a) To organize Entrepreneurship Awareness Camps, Entrepreneurship Development Programs in the region for the benefit of Science and Technology students.

(b) To conduct research work and survey for identifying entrepreneurial opportunities (Particularly in Science and Technology areas and service sector).

(c) To guide and assist prospective entrepreneurs on various aspects such as preparing project reports, obtaining, project approvals, loans and facilities from agencies of support system, information on technologies, etc.

(d) To arrange visits to industries for prospective entrepreneurs.

(e) To conduct competitions among students in developing project proposals.

(f) Guidance is extensively given to students to know the details of how to establish business and its relevant information like gathering of financial resources etc.

(g) As part of EDC cell various awareness programs like guest lectures, seminars and workshops are conducted.

FEEDBACK SYSTEM

(a) Organization should be responsive to the needs of the stakeholders by continuously monitoring the pulse of the Institution. This will ensure proper implementation of programmes, help to take mid course corrections, provide a mechanism to monitor and reward the good performers at the same time make the lagging behind to improve. To ensure an effective feedback and corrective mechanisms.

(b) Feedback forms are carefully designed for the following stake holders with responsibility indicated in brackets.

(i) Students (Head of Individual Dept) (Appendix.I)

(ii) Faculty (Appendix.II)

(iii) Parents (HOD of Individual Dept) (Appendix.III)

(iv) Employers (Training &Placements Section) (Appendix.IV)

(v) Alumni (Alumni Association) (Appendix.V)

2. Periodicity

The Periodicity is chosen to form a valuable and appropriate input

a. Student: Twice in a academic session once after a month of Subject coverage and Second after the subject completion.

b. Faculty: Twice a year in the month of May and November.

c. Parent: Once on Institute Parent interaction Day and as and when a parent visits the institution.

d. Employer: Once a year at least.

e. Alumni :Once on Alumni Day i.e. on 15th August of each year.

3. Corrective Mechanism

a. The feedbacks have to he analyzed by respective departmental Heads and provide the summary for discussion for Departmental and Institutional Developmental Monitoring meetings.

b. The student feedback is confidential. Therefore each HOD should exercise while preparing the summary sheet strictly for the benefit of the individual concerned, take his signature on the summary sheet and the same needs to be transferred to the appraisal system.

c. Employers feedback need to be reviewed by Dean Training and Placements.

You see things; and say,' Why?' But I dream things that never were; and I say, 'Why not?'

PART VII - PERFORMANCE BASED INCENTIVES

Everyone thinks of changing the world but no one thinks of changing himself.

CHAPTER XXII: PERFORMANCE BASED INCENTIVES

- Better Work Better Pay

A proper recruitment process, a professional method of inducting new faculty members in the organization and a proper career policy are also incentives for the employees. However it is felt that there is also a need to consider incentives for specific individual performances, which should be done with a systematic regularity, so that the employee feels motivated by the recognition of his/her contribution and maintains good morale. Results of promotion policies are in the distant future.

Incentives are immediate rewards. However, capturing the spirit of incentive scheme requires a fast track mechanism to identify the performance and propose the incentives. The following incentives are applicable to various categories of performance by faculty members.

All the proposals of incentives / awards shall be initiated by the HOD concerned on a claim by the faculty member or slow-motion by the HOD and all these proposals would be placed before the committee headed by the Management and Principal as its members. After receiving the approval from the committee, action would be taken immediately. However, the proposals / recommendations would be placed before the chairman for information and approval wherever indicated herein.

The value of incentive schemes can be realized only when the systems placed in position for implementing such schemes are respected and complied with in a transparent and honest manner. Incentive schemes wrongly implemented will have adverse effect on the morale of the employees and therefore objectivity in evaluation of teachers is a key parameter for success of incentive schemes.

Nothing can stop the man with the right mental attitude from achieving his goal; nothing on earth can help the man with the wrong mental attitude.

The Objective examination conducted for 10 marks and subjective examination conducted for 15 marks are to be added to the assignment marks of 5 for finalizing internal marks for 30.
- Internal Marks can be calculated with 80% weightage for best of the two Mids and 20% weightage for other Mid Exam As the syllabus is framed for 6 units, the 1st mid examination (both Objective and Subjective) is conducted in 1-3 units and second test in 4-6 units of each subject in a semester.
- The end semester examination is conducted covering the topics of all Units for 70 marks. End Exam Paper: Part-A 1st Question is mandatory covering all the syllabus which contains seven 2 marks questions for 14 marks with atleast 2 marks of question for each of the six units and in Part-B 4 Questions out of 6 Questions are to be answered with each carrying 14 marks . Part-A & Part-B put together gives for 70 marks.
- For practical subjects there shall be continuous evaluation during the semester for 25 internal marks and 50 end examination marks. The internal 25 marks shall be awarded as follows: day to day work - 10 marks, Record-5 marks and the remaining 10 marks to be awarded by conducting an internal laboratory test. The end examination shall be conducted by the teacher concerned and external examiner.
- For the subject having design and / or drawing, (such as Engineering Graphics, Engineering Drawing, Machine Drawing) and estimation, the distribution shall be 30 marks for internal evaluation (20 marks for day – to – day work, and 10 marks for internal tests) and 70 marks for end examination. There shall be two internal tests in a Semester and the Marks for 10 can be calculated with 80% weightage for best of the two tests and 20% weightage for other test and these are to be added to the marks obtained in day to day work.
- For the seminar, Each student has to be evaluated based on the presentation of any latest topic with report of 10-15 pages and a ppt of min 10 slides. The student shall collect the information on a specialized topic and prepare a technical report, showing his understanding over the topic, and submit to the department, which shall be evaluated by the Departmental committee consisting of Head of the department, seminar supervisor and a senior faculty member. The seminar report shall be evaluated for 50 marks. There shall be no external examination for seminar.

- Out of a total of 200 marks for the project work, 60 marks shall be for Internal Evaluation and 140 marks for the End Semester Examination. The End Semester Examination (Viva – Voce) shall be conducted by the committee. The committee consists of an external examiner, Head of the Department and Supervisor of the Project. The evaluation of project work shall be conducted at the end of the IV year.The Internal Evaluation shall be on the basis of two seminars given by each student on the topic of his project and evaluated by an internal committee.
- Laboratory marks and the internal marks awarded by the College are not final. The marks are subject to scrutiny and scaling by the University wherever felt desirable. The internal and laboratory marks awarded by the College will be referred to a Committee. The Committee shall arrive at a scaling factor and the marks will be scaled as per the scaling factor. The recommendations of the Committee are final andbinding. The laboratory records and internal test papers shall be preserved in the respective departments as per the University norms and shall be produced to the Committees of the University as and when they ask for.

Internal Assessment Distribution and Weightage of Marks for R19 Regulation

- The performance of a student in each semester shall be evaluated subject

wise with a maximum of 100 marks for theory subject and 50 marks forpractical subject. The project work shall be evaluated for 200 marks.

- For theory subjects the distribution shall be 25 marks for InternalEvaluation and 75 marks for the End - Examinations.
- For theory subjects, during a semester, there shall be two mid-term examinations. Each mid-term examination consists of one objective paper, one descriptive paper and one assignment. The objective paper (Online Examination) and the descriptive paper shall be for 10 marks each with a total duration of 1 hour 50 minutes (20 minutes for objective and 90 minutes for descriptive paper). The objective paper is set with 20 multiple choice questions, **Online Examination by the University,** for a total of 10 marks. The descriptive paper shall contain 3 full questions, the student has to answer all questions. While the first mid-term examination shall be conducted on 50% of the syllabus, the second mid-term examination shall be conducted on the remaining 50% of the syllabus. Five marks are allocated for assignments (as specified by the subject teacher concerned). The first assignment should be submitted before the conduct of the first mid-term examination, and the second assignment should be submitted before the conduct of the second mid-term examination. The total marks secured by the student in each mid-term examination are evaluated for 25 marks.
- Internal Marks can be calculated with 80% weightage for better of the two Mids and 20% weightage for other Mid Exam. As the syllabus is framed for 5 units, the 1st mid examination (Objective, Subjective and assignment) is conducted in 1, 2 & Half of -3 units and second test in remaining half of 3 unit,4&5 units of each subject in a semester.

Example: Final internal Marks = (Best Mid marks x 0.8 + other Mid marks x 0.2)

- The semester end examinations will be conducted for 75 marks consistsof five questions carrying 15 marks each. Each of these questions is from one unit and may contain sub-questions. For each question there will be an "either" "or" choice, which means that there will be two questions from each unit and the student should answer either of the two questions.
- For practical subjects there shall be continuous evaluation during the semester for 20 internal marks and 30 end examination marks. The internal 20 marks shall be awarded as follows: day to day work - 5 marks, Record-5 marks and the remaining 10 marks to be awarded by conducting an internal laboratory test. The end examination shall be conducted by theteacher concerned and external examiner.
- For the subject having design and / or drawing, (such as Engineering Graphics, Engineering Drawing, Machine Drawing) and estimation, the distribution shall be 25 marks for internal evaluation (15 marks for day – to – day work, and 10 marks for internal tests) and 75 marks for end examination. There shall be two internal tests in a Semester and the Marks for 10 can be calculated with 80% weightage for better of the two tests and 20% weightage for other test and these are to be added to the marks obtained in day to day work.
- Out of a total of 200 marks for the project work, 60 marks shall be for Internal Evaluation and 140 marks for the End Semester Examination. The End Semester Examination (Viva – Voce) shall be conducted by the committee. The committee consists of an external examiner, Head of the Department and Supervisor of the Project. The evaluation of project workshall be conducted at the end of the IV year. The Internal Evaluation shallbe on the basis of two seminars given by each student on the topic of his project and evaluated by an internal committee.
- Laboratory marks and the internal marks awarded by the College are not final. The marks are subject to scrutiny and scaling by the University wherever felt desirable. The internal and laboratory marks awarded by theCollege will be referred to a Committee. The Committee shall arrive at a scaling factor and the marks will be scaled as per the scaling factor. The recommendations of the Committee are final and binding. The laboratory records and internal test papers shall be preserved in the respective departments as per the University norms and shall be produced to the Committees of the University as and when they ask for.
- Audit Course/Non-Credit Course (AC/NC): There shall be AC/NC courses with zero credits. There shall be **no external** examination. However, attendance in the audit course shall be considered while calculating aggregate attendance and student shall be declared to have passed the mandatory course only when he/she secures 40% or more in the internal/mid examinations. In case, the student fails, a re-examination shall be conducted for failed candidates every six months/semester at a mutually convenient date of college/student satisfying the conditions mentioned in item 1 & 2 of the regulations.
- Mandatory Course (M.C): There shall be M.C with zero credits. There shall be no external examination. However, attendance in the mandatory course of minimum attendance (75%) in that particular subject.

- Engineering Exploration Project is offered to the First year students of all engineering disciplines. The motivation of including this in the curriculum is to make the students practice creative problem solving method - Design Thinking which fosters collaboration and solve problems in human-centered ways. It enables the students to exercise and identify design opportunities through various phases with the help of hands-on activities. Obtaining a best solution foran identified problem involves a non-linear, iterative process which seeks to understand users, challenge assumptions, redefine problems and create innovative solutions to prototype and test. The students are encouraged to explore real-world problems and expected to take charge of their own learning, work together in teams towards the problem.
- The evaluation of the Engineering Exploration Project involves in writing their observations in Activity Cards at the end of each task given in syllabus and submitting a final report along with working proto type. It shall be evaluated for 50 marks as an external. The committee consists of an external examiner, Head of the Department and a supervisor/ mentor. There shall be no internal marks.
- **Procedure for Conduct and Evaluation of MOOC:** There shall be aDiscipline Centric Elective Course through Massive Open Online Course(MOOC) as Program Elective course. The student shall register for thecourse (Minimum of 12 weeks) offered by SWAYAM/NPTEL/JNTUKMOOCS through online with the approval of Head of the Department. The Head of the Department shall appoint one mentor for each of the MOOC subjects offered. The student needs to register the course in the SWAYAM/NPTEL portal in the previous semester. During the course, the mentor monitors the student's assignment submission given bySWAYAM/NPTEL at the end of every week. The student needs to submit all the assignments given and needs to take final exam at the proctor center. The student needs to earn a certificate by passing the exam. The student will be awarded the credits given in curriculum only bysubmission of the certificate.
- For JNTUK MOOCS course, the mentor appointed shall conduct the mid semester examinations as per 3(iii). Further, the University shall conduct the external examination for the MOOC subject in line with other regular subjects based on the syllabi of the respective subject provided in the curriculum. A MOOC course may be studied either in online or in conventional manner.
- In case if the student does not pass in SWAYAM/NPTEL, the alternative subject maybe taken from JNTUK MOOCS and has to pass the course as per 3(iii)
- Induction program is mandatory for all first year UG students and shall beconducted as per Semester -0 course structure.
- Mini Project/Internship guidelines: There shall be an Industrial Oriented Mini Project/Summer Internship, in collaboration with an industry of their specialization. Students will register for this immediately after III year II semester examinations and pursue it during summer vacation. Industrial Oriented Mini Project/Summer Internship shall be submitted in a technical report form and presented before the committee in IV year I semester. It shall be evaluated for 50 external marks. The committee consists of an external examiner, Head of the Department, supervisor of the Industrial Oriented mini

project/Summer Internship and a senior faculty member of the department. There shall be no internal marks for Industrial Oriented Mini Project/Summer Internship.

- UG project work shall be carried out in two stages: Project Stage – I during IVYear I Semester, Project Stage – II during IV Year II Semester. Each stage will be evaluated for 100 marks. Student has to submit project work report at the end of each semester. First report includes project work carried out in IV Year I semester and second report includes project work carried out in IV Year I & II Semesters. External evaluation for both project stages shall be completed before the commencement of end Theory examinations.

Internal Assessment Distribution and Weightage of Marks for R20 Regulation

- Paper setting and evaluation of the answer scripts shall be done as per the procedures laid down by the University Examination section from time to time.
- For non-credit mandatory courses, like Environmental Sciences, Universal Human Values, Ethics, Indian Constitution, Essence of Indian Traditional Knowledge, the student has to secure 40% of the marks allotted in the internal evaluation for passing the course. No marks or letter grade shall be allotted for all mandatory non-credit courses.
- A student is deemed to have satisfied the minimum academic requirements if he has earned the creditsallotted to each theory/practical design/drawing subject/ project etc by securing not less than 35% of marks in the end semester exam and minimum 40% of marks in the sum total of the internal marks andend semester examination marks together.
- Distribution and Weightage of marks: The assessment of the student's performance in each course will be based on Continuous Internal Evaluation (CIE) and Semester-End Examination (SEE). The performance of a student in each semester shall be evaluated subject–wise with a maximum of 100 marks for theory subject and 50 marks for practical subject. For theory subjects the distribution shall be 30 marks for Internal Evaluation and 70 marks for the End Examinations.

S. No	Components	Internal	External	Total
1	Theory	30	70	100
2	Engineering Graphics/Design/Drawing	30	70	100
3	Practical	15	35	50
4	Mini Project/Internship/Industrial Training/ SkillDevelopment programmes / Research Project	-	50	50
5	Project Work	60	140	200

(i) Continuous Internal Theory Evaluation:

(a) For theory subjects, during a semester, there shall be two mid-term examinations. Each mid-term examination consists of (i) one online objective examination (ii) one descriptive examination and

(ii) one assignment. The online examination (objective) shall be 10 marks and descriptive examination shall be for 15 marks with a total duration of 1 hour 50 minutes (20 minutes for objective and 90 minutes for descriptive paper).

(a) The first online examination (objective) is set with 20 multiple choice questions for 10 marks (20 questions x ½ marks) from first two and half units (50% of the syllabus) and it is conducted by **University Examination Section.** The descriptive examination is set with 3 full questions for 5 marks each from first two and half units (50% of the syllabus), the student has to answer all questions. In the similar lines, the second online and descriptive examinations shall be conductedon the rest of the syllabus.

(b) The assignment is given by the concerned class teacher for five marks from first two and half units (50% of the syllabus). The second assignment shall be given from rest of the syllabus. The first assignment should be submitted before the conduct of the first mid-term examination, and the second assignment should be submitted before the conduct of the second mid-term examination.

(c) The total marks secured by the student in each mid-term examination are evaluated for 30 marks. The first mid marks (Mid-1) consisting of marks of online objective examination, descriptive examination and assignment shall be submitted to the University examination section within one week after completion of first mid examination.

(d) The mid marks submitted to the University examination section shall be displayed in the concerned college notice boards for the benefit of the students.

(e) If any discrepancy found in the submitted Mid-1 marks, it shall be brought to the notice of university examination section within one week from the submission.

(f) Second mid marks (Mid-2) consisting of marks of online objective examination, descriptive examination and assignment shall also be submitted to University examination section within one week after completion of second mid examination and it shall be displayed in the notice boards. Ifany discrepancy found in the submitted mid-2 marks, it shall be brought to the notice of universityexamination section within one week from the submission.

(g) Internal marks can be calculated with 80% weightage for better of the two mids and 20% Weightage for another mid exam.

Example:
Mid-1 marks = Marks secured in (online examination-1+descriptive examination-1 +one assignment-1)
Mid-2 marks = Marks secured in (online examination-2+descriptive examination-2 +one assignment-2)

Final internal Marks = (Best of (Mid-1/Mid-2) marks x 0.8
+ Least of (Mid-1/Mid-2) marks x 0.2)

(h) With the above criteria, university examination section will send mid marks of all subjects in consolidated form to all the concerned colleges and same shall be displayed in the concerned college notice boards. If any discrepancy found, it shall be brought to the notice of university examination section through proper channel within one week with all proofs. Discrepancies brought after the given deadline will not be entertained under any circumstances.

(iii) Semester End Theory Examinations Evaluation:

(a) The semester end examinations will be conducted university examination section for 70 marks consists of five questions carrying 14 marks each. Each of these questions is from one unit and may contain sub-questions. For each question there will be an "either" "or" choice, which means that there will be two questions from each unit and the student should answer either of the two questions.

(b) For practical subjects there shall be continuous evaluation during the semester for 15 internal marks and 35 end examination marks. The internal 15 marks shall be awarded as follows: day to day work - 5 marks, Record-5 marks and the remaining 5 marks to be awarded by conducting an internal laboratory test. The end examination shall be conducted by the teacher concerned and external examiner appointed by controller of examinations, JNTUK.

Note: Laboratory marks and the internal marks awarded by the College are not final. The marks are subject to scrutiny and scaling by the University wherever felt desirable. The internal and laboratory marks awarded by the College will be referred to a Committee. The Committee shall arrive at a scaling factor and the marks will be scaled as per the scaling factor. The recommendations of the Committee are final and binding. All the laboratory records and internal test papers shall be preserved in respective departments as per University norms and shall be produced to the Committees of University as and when they ask for.

(c) For the subject having design and / or drawing (such as Engineering Graphics, Engineering Drawing, Machine Drawing) and estimation, the distribution shall be 30 marks for internal evaluation (15 marks for continuous Assessment (day–to–day work) and 15 marks for internal tests) and 70 marks for end examination. There shall be two internal tests in a Semester for 15 marks each and final marks can be calculated with 80% weightage for better of the two tests and 20% weightage for other test and these are to be added to the marks obtained in day-to-day work.

(d) Evaluation of the summer internships: It shall be completed in collaboration with local industries, Govt. Organizations, construction agencies, Industries, Hydel and thermal power projects and alsoin software MNCs in the area of concerned specialization of the UG programme. Students shall pursue this internship during summer vacation just before its offeringas per course structure. The minimum duration of this course shall be at least 6 weeks. The student shall register for the internship as per course structure after commencement of academic year. A supervisor/mentor/advisor has to be allotted to guide the students for taking up the summer internship. The supervisor shall monitor the attendance of the students while taking up the internship.

Attendance requirements are as per the norms of the University. After successful completion, students shall submit a summer internship technical report to the concerned department and appear for an oral presentation before the departmental committee consists of an external examiner appointed by the University; Head of the Department, supervisor of the internship and a senior faculty member of the department. A certificate from industry/skill development center shall be included in the report.

The report and the oral presentation shall carry 40% and 60% weightages respectively. It shall be evaluated for 50 external marks at the end of the semester. There shall be no internal marks for Summer Internship. A student shall secure minimum 40% of marks for successful completion. In case, if a student fails, he/she shall reappearas and when semester supplementary examinations are conducted by the University

e) The job-oriented skill courses may be registered at the college or at any accredited external agency. A student shall submit a record/report on the on the list skills learned. If the student completes job-oriented skill course at external agency, a certificate from the agency shall be included in the report. The course will be evaluated at the end of the

semester for 50 marks (record: 15 marks and viva-voce: 35 marks) along with laboratory end examinations in the presence of external (appointed by the university) and internal examiner (course instructor or mentor). There are no internal marks for the job-oriented skill courses.

f)Mandatory Course (M.C): Environmental Sciences, Universal Human Values, Ethics, Indian Constitution, Essence of Indian Traditional Knowledge etc non-credit (zero credits) mandatory courses. Environmental Sciences shall be offered compulsorily as mandatory course for all branches. A minimum of 75% attendance is mandatory in these subjects. There shall be an external examination for 70 marks and it shall be conducted by the college internally. Two internal examinations shall be conducted for 30 marks and a student has to secure at least 40% of the marks for passing the course. There is no online internal exam for mandatory courses. No marks or letter grade shall be printed in the transcripts for all mandatory non-credit courses, but only Completed (Y)/Not-completed (N) will be specified.

g) **Procedure for Conduct and Evaluation of MOOC:** There shall be a Discipline Centric Elective Course through Massive Open Online Course (MOOC) as Program Elective course. The student shall register for the course (Minimum of 12 weeks) offered by SWAYAM/NPTEL through online with the approval of Head of the Department. The Head of the Department shall appoint one mentor for each of the MOOC subjects offered. The student needs to register the course in the SWAYAM/NPTEL portal. During the course, the mentor monitors the student's assignment submissions given by SWAYAM/NPTEL. The student needs to submit all the assignments given and needs to take final exam at the proctor center. The student needs to earn a certificate by passing the exam. The student will be awarded the credits given in curriculum only by submission of the certificate. In case if student does not pass subjects registered through SWAYAM/NPTEL, the same or alternative equivalent subject may be registered again through SWAYAM/NPTEL in the next semester with the recommendation of HOD and shall be passed.

(e) *Major Project (*Project - Project work, seminar and internship in industry):

In the final semester, the student should mandatorily register and undergo internship and in parallel he/she should work on a project with well-defined objectives. At the end of the semester the candidate shall submit an internship completion certificate and a project report. A student shall also be permitted to submit project report on the work carried out during the internship. The project report shall be evaluated with an external examiner.

Evaluation: The total marks for project work 200 marks and distribution shall be 60 marks for internal and 140 marks for external evaluation. The supervisor assesses the student for 30 marks (Report: 15 marks, Seminar: 15 marks). At the end of the semester, all projects shall be showcased at the department for the benefit of all students and staff and the same is to be evaluated by the departmental Project Review Committee consisting of supervisor, a senior faculty and HOD for 30 marks. The external evaluation of Project Work is a Viva-Voce Examination conducted in the presence of internal examiner and external examiner appointed by the University and is evaluated for 140 marks.

1. Integrated theory lab:

a. The integrated course is in the ratio of 2:1 (total credit: 3).

b. Attendance shall be counted for both in theory as well as lab (75:25 ratio). Minimum attendance shall be required individually in theory and lab as per university norms.

c. Student has to attend the internal examination and external examination conducted by the college and University as per the regulations.

d. Student has to pass individually both the external examinations (Theory for 100 marks and Lab for 50 marks) conducted by the University as per the regulations.

e. If the student fails in either theory or laboratory, the final result is FAIL only.

f. The student has to pass separately both in the external theory examination and external lab examination as per the University regulations.

g. Recounting of Marks in the End Semester Examination: A student can request for recounting of his/her answer book on payment of a prescribed fee as per university norms.

h. Re-evaluation or Revaluation by Challenge of the End Semester Examination: A student can request for Revaluation or Revaluation by Challenge of his/her answer book on payment of a prescribed fee as per university norms.

i. Supplementary Examinations: A student who has failed to secure the required credits can appear for a supplementary examination, as per the schedule announced by the University.

j. Malpractices in Examinations: Disciplinary action shall be taken in case of malpractices during Mid/End examinations as per the rules framed by the University.

Promotion Rules

The following academic requirements have to be satisfied in addition to the attendance requirements mentioned in item no.8 for promotion to higher classes

- A student shall be promoted from first year to second year if he fulfills the minimum attendance requirement as per University norm.
- A student will be promoted from II to III year if he fulfills the academic requirement of 40% of creditsup to either II year I-Semester or II year II-Semester from all the examinations, whether ornot the candidate takes the examinations and secures prescribed minimum attendance in II year II semester.

a) A student shall be promoted from III year to IV year if he fulfills the academic requirements of 40% of the credits up to either III year I semester or III year II semester from all the examinations, whether or not the candidate takes the examinations and secures prescribed minimum attendance in III year II semester.

Course Pattern

a) The entire course of study is for four academic years; all years are on semester pattern.

b) A student eligible to appear for the end semester examination in a subject, but absent from it or has failed in the end semester examination, may write the exam in that subject when conducted next.

c) When a student is detained for lack of credits/shortage of attendance, he may be re-admitted into the same semester/year in which he has been detained. However, the academic regulations under which he was first admitted shall continue to be applicable to him.

Earning of Credit:

A student shall be considered to have completed a course successfully and earned the credits if he/she secures an acceptable letter grade in the range A+ to E as given below. Letter grade 'F' in any course implies failure of the student in that course and no credits earned. Absent is also treated as no credits earned. For project same % percentages will be followed for grading.

Marks Range Theory(Max – 100)	Marks Range Lab(Max – 50)	Level	Letter Grade	Grade Point
≥ 90	≥ 45	Outstanding	A+	10
≥80 to <89	≥40 to <44	Excellent	A	9
≥70 to <79	≥35 to <39	Very Good	B	8
≥60 to <69	≥30 to <34	Good	C	7
≥50 to <59	≥25 to <29	Fair	D	6
≥40 to <49	≥20 to <24	Satisfactory	E	5
<40	<20	Fail	F	0
-		Absent	AB	0

2. Computation of SGPA and CGPA

The UGC recommends the following procedure to compute the Semester Grade Point Average(SGPA) and Cumulative Grade Point Average (CGPA):

(i) ***SGPA***(S_k) of kth semester (1 to 8) is ratio of sum of the product of the number of credits with the grade points scored by a student in all the courses taken by a student and the sum of the total numberof credits of all the courses undergone/registered by a student, i.e.,

CGPA: The CGPA is calculated in the same manner taking into account all the '*m'* courses/subjects registered by student over all the semesters of a Programme i.e., in all eight semesters

$$SGPA(S_k) = \frac{\sum_{i=1}^{n}(C_i \times G_i)}{i^{th} \sum_{i=1} C_i \quad c}$$

Where S_i is SGPA of the ith semester and C_i is total number of credits in that semester.

(ii) SGPA and CGPA shall be rounded off to 2 decimal points and reported in transcripts.

(iii) While computing the SGPA/CGPA, the subjects in which the student is awarded Zero grade pointswill also be included.

(iv) *Grade Point:* It is a numerical weight allotted to each letter grade on a 10-point scale.

(v) *Letter Grade:* It is an index of the performance of students in a said course. Grades are denoted byletters A+, A, B, C, D, E, F and AB.

(vi) As per AICTE regulations, conversion of CGPA into equivalent percentage as follows:

Equivalent Percentage = (CGPA – 0.75) x 10

(vii) Illustration of Computation of SGPA and CGPA

Illustration for **SGPA:** Let us assume there are 6 subjects in a semester. The grades obtained asfollows:

Course	Credit	Grade Obtained	Grade point	S_i= Credit Point (Credit x Grade)
Subject 1	3	B	8	3 X 8 = 24
Subject 2	4	C	7	4 X 7 = 28
Subject 3	3	D	6	3 X 6 = 18
Subject 4	3	A+	10	3 X 10 = 30
Subject 5	3	E	5	3 X 5 = 15
Subject 6	4	D	6	4 X 6 = 24
	20			139

Thus, **SGPA =139/20 =6.95=6.9 (approx.)**

Illustration for **CGPA:**

Semester 1	**Semester 2**	**Semester 3**	**Semester 4**
Credits: 20 SGPA: 6.9	Credits: 22 SGPA: 7.8	Credits: 25 SGPA: 5.6	Credits: 26 SGPA: 6.0
Semester 5	**Semester 6**	**Semester 7**	**Semester 8**
Credits: 26 SGPA: 6.3	Credits: 25 SGPA: 8.0	Credits: 21 SGPA: 6.4	Credits: 23 SGPA: 7.5

Thus,

$$CGPA = \frac{20 \times 6.9 + 22 \times 7.8 + 25 \times 5.6 + 26 \times 6.0 + 26 \times 6.3 + 25 \times 8.0 + 21 \times 6.4 + 23 \times 7.5}{188} = \frac{1276.3}{188} = 6.78$$

3. Award of Class

After a student has satisfied the requirements prescribed for the completion of the program and is eligible for the award of B. Tech. Degree, he shall be placed in one of the following four classes:

Class Awarded	CGPA to be secured	Remarks
First Class with Distinction	≥ 7.75 (Without any supplementary appearance)	From the CGPA secured from 160 Credits
First Class	≥ 6.75	
Second Class	≥ 5.75 to < 6.75	
Pass Class	≥ 5.00 to < 5.75	

Tests and Examinations

- Prepare the question papers for each test in the pattern of University question papers. We have a practice of setting the mid examination by the HOD himself in 3 different sets and co-ordinate with Examination cell directly.
- Report for invigilation duty at least 20 minutes before the start of examinations /tests.
- Conduct the examinations / tests in a disciplined manner as per the guidelines given by the college /University.
- Bring to the notice of Chief Superintendent / Principal any case of malpractice in their rooms during invigilation.

Note: The rules & regulations given in this book are only guidelines. The management reserves the right to modify them at any time.

Awards: To encourage and appreciate the efforts of the students in academics, the best performer will be awarded with monetary prize, memento and certificate on the eve of Annual Day.

The function of education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of true education.

PART XI

STUDENT DEVELOPMENT PROGRAM

CHAPTER XXIV: STUDENT DEVELOPMENT PROGRAM

Student counseling Scheme

Students are given individual attention through "Student Counseling Scheme" and are encouraged to improve their academic performance and to participate in extracurricular activities. Through this scheme, parents are periodically informed of their children's progress in the Institute.

Incentives and Rewards

The following incentive and rewards are awarded to the students:

- Students securing 1st 2nd and 3rd Ranks in a year are awarded with Medals / **Cash**.
- Best Student Award.
- Free personality development, entrepreneurship, ethics, communication skills, computing skills and placement specific programs as per industrial requirements.
- There is special fund amounting Rs. 10 Lakhs exclusively for awarding the poorand merit students.

Co-curricular Calendar

- Co curricular activities i.e., Quiz, Group Discussion, Seminars, Paper Presentation, Communication Skills, Extempore etc., are incorporated in the regular time tables for all the classes.
- This calendar enables the activities to be conducted more systematically & regularly thus improving soft skills of the students.

Industrial Tours

- For all II/IV B.Tech students will be arranged one day industrial tour
- III/IV B.Tech students are allowed to go for 2 days industrial tour
- IV/IV B.Tech students are allowed to go on long industrial tour.

Attendance

The following are the student's attendance requirement as prescribed by JNTUK,Kakinada.

- A student shall be eligible to appear for University examinations if he/sheacquires a minimum of 75% of attendance in aggregate of all the subjects.
- Condonation of shortage of attendance in aggregate upto 10% (65% and above

and below 75%) on each semester per 1 year, may be granted by the college Academic Committee.

- A student will not be promoted to the next semester unless he satisfies the attendance requirement of the present semester / I year when offered next.
